

ASCI Conference 2010
November 1, 2 and 3, Veldhoven, the Netherlands

Please answer on a scale from 1 (low/poor/not at all) to 5 (high/very good/very much)

	1	2	3	4	5
ORGANIZATION:					
- quality of housing					
- quality of food					
- quality of conference rooms					
KEYNOTE TALKS:					
- quality of presentations					
- relevance of subjects to ASCI					
- technical level					
- number of presentations	<i>Far too few</i>	<i>Too few</i>	<i>Just right</i>	<i>Too many</i>	<i>Far too many</i>
PAPER PRESENTATIONS:					
- quality of presentations					
- relevance of subjects to ASCI					
- technical level					
- number of presentations	<i>Far too few</i>	<i>Too few</i>	<i>Just right</i>	<i>Too many</i>	<i>Far too many</i>
POSTER PRESENTATIONS:					
- quality of presentations					
- relevance of subjects to ASCI					
- technical level					
WAS IT WORTH COMING?:					

Remarks/suggestions:

SIREN//NL next level

This year the ASCI conference is colocated with the IPA Fall days, Annual SIKS-day and SIREN. Together this event is called SIREN//NL, next level. SIREN//NL is the national meeting for curiosity driven research on ICT for all ICT researchers in the Netherlands, for experienced as well as novice researchers.

The addition NL, Next Level represents an extra versatile programme through cooperation with the Advanced School for Computing and imaging ([ASCI](#)), the Institute for Programming research and Algorithmics ([IPA](#)) and the School of Information and Knowledge Systems ([SIKS](#)). Siren//NL is a three day event with a joint programme of all the research schools on November the 2nd.

ASCI would very much like some feedback from it's members on this new approach.

1) On which day(s) were you present at the ASCI Conference/SIREN?

Monday November

Tuesday November 2

Wednesday November 3

2) Did you visit any of the talks of the other researchschools on November 2nd?

NO

YES, which one(s): IPA
 SIKS

3) Did you follow any of the IPN/NWO/STW presentations on November 2nd?

NO

YES, which one(s): "Introduction into patents"
 "Patentability of ICT inventions"
 "How to write an ICT proposal"

4) Do you think colocating the ASCI Conference with SIREN//NL gives our conference an added value? (This applies to the whole of the ASCI Conference, not only November 2nd)

NO

YES,

why:.....
.....
.....

5) Normally the ASCI Conference takes place beginning of June. How do you feel about the timing of this year's conference at the beginning of November?

Better than in June, because.....

Doesn't matter to me

Worse than in June, because.....

Other remarks / suggestions regarding the ASCI Conference / SIREN//NL combination?

.....
.....
.....

Thank you very much for filling out this questionnaire!
